

Help Create "Complete Streets" on Woodward Ave.

April 17th - 19th

FOCUS AREAS:
From McNichols (N. Detroit) to Ferndale

WHAT IS THE COMPLETE STREETS PROJECT?

Complete Streets are streets for everyone. Plans are underway to redesign and reshape Woodward Avenue into a Complete Street. The project outcomes will make Woodward a livable roadway that is safer for pedestrians and cyclists and enhance the local economy. Your involvement working with professional designers, MDOT and the Woodward Avenue Action Association will help make real changes.

GET INVOLVED!

Come help us make Woodward Avenue a Complete Street at the first of five workshops! Designers will be on site for three days working on concepts for Woodward Avenue. The studio is open during the hours listed below. Specific activities and presentations are highlighted, but you can drop in any time to share your ideas.

Wednesday, April 17
